

3/4pt Auto Belt (Standard)

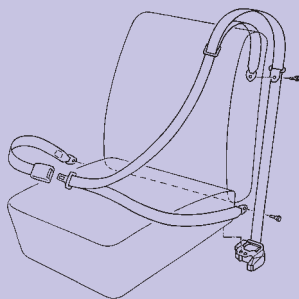

Safetex inertia reel seatbelts offer freedom of movement with ease of fitment, available with various reel and buckle options to fit most minibus configurations. Available with top guide loop(4 point), for seats where an anchorage point is provided in the upper part of the seat backrest..

3pt Auto Belt (side mount)

An automatic lap and diagonal seatbelt designed to fit seats where the top anchorage is on the side of the seat.

Approved to European standards the 3 and 4 point bus Belts are ideal for fitment to minibus seats where anchorage points are provided.
